**\*\* If you have ideas or interest in leading a field trip please let someone on the planning committee know. We need your ideas and input!!**

#### **\*\*Need members to volunteer\*\***

We'd like more member participation in leading some of these outings. For most there is very little work involved. See below for trips we are thinking of and needs

Please send John an email letting him know you might want to volunteer for one of the tasks, [jcaulfield@kc.rr.com](mailto:jcaulfield@kc.rr.com)

## **\*\*DD&B Field Trips!!\*\***

We need some volunteers & we need your great ideas! Bring them to the meeting and talk to John or any of the planning committee members.

This is NOT a huge commitment, it's mainly just making a few phone calls, setting a date and showing up! Come and talk to us!

Some ideas (to get you started) that were raised/remembered from the slideshow work from past field trips at the January meeting were:

### In no particular order:

St. Louis (weekend trip maybe)

Water Drop

Clydesdales

Dogwood Canyon

Crystal Bridges

Rocheport

Strong City Rodeo

Train to Herman Mo

Steam Show – Warm Springs?

Ottawa Antique Tractors

Westin and Tin Kitchen

Plaza Dragon Boats in June

Nelson at night

Hillsdale

Moon Marble

T-Bones

New Century – Gardner Air show -

Thunderbirds

Trolleys on the Plaza

Big Brutus (Huge machine down by Ft Scott KS)

## **\*\*Member Slide Show\*\***

Each meeting we have a slideshow of photos submitted by our members. We hope that most members will submit photos as well as discuss.

In addition, the photos submitted for the slideshow will be available for viewing on the DD&B website:

[www.digitaldimensions.smugmug.com](http://www.digitaldimensions.smugmug.com)

They are displayed by both member name & by month. If for some reason you would NOT like your images (new or past photos) displayed on the website please let us know at the same email you use to submit.

**\*submissions accepted no later than 11:00 pm on the Wednesday night before the meeting\***

### *Submission Guidelines:*

- You may submit up to 5 images.
- Please be prepared to share some of your technical information such as aperture, shutter speed, lens, etc. and why you feel the image has impact and is enjoyable to you.
- JPEG format. 1600 pixels on the long side at 90%/high jpg quality is recommended for the best viewing later on the website but feel free to submit larger or smaller.
- Please leave EXIF data if possible
- E-mail your images to:  
[ddkclideshow@gmail.com](mailto:ddkclideshow@gmail.com)

**\*\*For more specific details about sizing/formatting your images, a Lightroom Export template & more, please see the detailed [submissions web page](#)\*\***

Note: Andrew will no longer be able to accept images at the meetings. You are also encouraged to bring hard copies of your photos to share before and after the meeting at a table in the foyer.

## **Swap & Shop**

We will have a dedicated table at each meeting for you to bring items such as equipment, magazines, books, etc. to sell, swap or share.

## **Announcements**

*If you have any information about photo trips, classes, contests, other club news, events or anything having to do with photography that you think our members would be interested in, send me an email and we'll put it in the newsletter.*

## **\*DD&B Flickr Group\***

For any Flickr users, be aware that there is now a Digital Dimensions Flickr Group. We would encourage any members with Flickr accounts to join & post to that group, specifically photos that were taken at or related to DD&B field trips or meetings. The group can be found [here](#).

[Flickr](#) is a great place to show your photos and is an excellent resource for gathering feedback & for getting questions answered. It has a huge number of very active groups on almost any photography topic or subject you can think of and is worth checking out.

## **Organizing Committee**

A lot of thought and planning go into each of our meetings and field trips. Getting involved with the committee that does the planning for these events is a wonderful way to enhance your membership. We are always looking for new members of our Organizing Committee.

Several of the positions that are open for new members of the committee are:

meeting moderator; planning coordinator; and outside services liaison.

Join our group. We meet on the first Thursday of each month

Committee Members:

John Caulfield

Dennis Chapman

Frank Croskey

Vicki Darr

Jackie Eatinger

Mike Farley

Mark Higgins

Mary Kapka

Carole Kropscot

Andy McDonald

Cathy Moffett

Dara Russell

Joe Sands

Mary Ann Teschan

## **Carole's Corner**

\*\*Long time club member & planning committee member Carole Kropscot has agreed to share some pieces she has written in the past on photography fundamentals for the PSA (Photographic Society of America). Thanks so much Carole for the contribution.

### **ASPECT RATIO**

Aspect ratio is how the height and width of an image are related to each other. This is important when making a print from a camera image. Standard size prints usually do not match the aspect ratio of a camera's viewfinder.

This can ruin a careful composition in the viewfinder. Therefore, the photographer's composition must take into account that important items near the edges of an image may not appear on prints of certain height and width proportions.

The idea of proportion is helpful to know when making enlargements. An image's height and width are multiplied by the same whole or fractional number. If the proportions of an original image are 3:2, then a double size print would be 12 x 8. A standard 8" x 10" print will necessitate cropping of the original image. The only way to show this entire original image on 8" x 10" paper is to make a 6.67" x 10" print. This results in two wide margins of white paper showing above and below a horizontal print. This is called printing "full frame."

Digital cameras have different ratios of height to width. No matter which one is chosen, the photographer will lose some of the image to cropping when making a standard size print.

When an image is used on a website where it may not need to fit a specific area, there is no problem. Images entered in salons and other photo competitions via e-mail usually do not have aspect requirements. The rules state the maximum for height and width, but the other dimension can be anything less.

It never hurts to leave a little extra room around the edges when composing an image in the viewfinder. This allows for desired cropping later on.

**\*\*Club Membership normally runs from June 1 to May 31 of the next year\*\***
